Healthcare Challenges in 2017

Dr. Thomas Godfrey, Asst. Professor of Public Health Sciences, Penn State Hershey will talk about the Affordable Care Act and why some kind of reform was necessary, why this bill was not exactly what was needed and what is likely to happen to it in the new administration. Regardless of your politics, this landmark piece of legislation is something that affects all Americans now and into the future. Dr. Godfrey has been a practicing physician, administrator, lobbyist and teacher of both public health professionals and new doctors. He brings years of insight and a broad perspective to bear on this thorny topic. This is a chance to get your questions answered by an experienced professional and political independent.

Wednesday, January 4th at 6:30 PM

Something to Crow About

Lancaster County Crow Coalition offers an informative program for *all* ages. Learn about their amazing intelligence. Lancaster County has been the winter home for thousands of migratory crows for centuries – drawn here by our farm fields, woodlands, and in more recent years, the increasing amounts of light and heat generated by our growing commercial development– shopping centers, factories, and office buildings. Laurie Fuller, founding member and public representative for the Lancaster Crow Coalition, will offer a presentation on the American Crow, discussing their lives from birth to old age, their devotion to life-long mates and family, their integral role in our ecosystem, and the many benefits these amazingly bright and sensitive birds provide for farms, wildlife, and the county's human residents as well. Don't miss this fact-filled and fun presentation for all ages. A make-and-take project for children will also be offered.

Saturday, January 7th at 1:00 PM

Something to Crow About Art Reception! Opening of Crow Art Exhibit. Refreshments served. Friday, January 13th at 5:30 PM

Standup Classroom

Join Justin Geissing, DPT and Dawn Cox, MSPT, CFMT from Prana Functional Manual Therapy at MTPL as they provide the physical therapist perspective on some simple changes you can make to feel better now. They will explain how basic education and training on body alignment, postural strategies and better ways to move can prevent pain and injury, increase quality of life for individuals and families and in turn, drastically save healthcare dollars. One way they will help demonstrate these concepts is by instructing a practical sitting instruction.

Monday, January 9th at 6:30 PM

Coder Dojo, Manheim Township Session

Coder Dojo is an international organization that offers computer programming clubs for kids. The Lancaster Coder Dojo is run by local professional computer programmers. You may bring your own tech device, or borrow a Library laptop during the session. *Ages 7-17. Adult participation welcome.*

Tuesday, January 10th at 6:30 PM

Sewing Social

You are invited to join a collaborative project-in-process or bring your own needlework project. We'll have books, basic sewing/quilting tools and sewing machines. Share your projects and tips with others who enjoy the creative process.

Wednesdays, January 11th & 25th at 1:00 PM

Searching Google Effectively

We will be demonstrating some ways to effectively use the popular search engine Google. We will use techniques such as phrase searching, Boolean operators, and limiters to help you find what you are looking for. We will also discuss some ways to evaluate websites for authoritativeness and reliability.

Tuesday, January 24th at 6:00 PM

January News at the Tell Café

With the hustle and bustle of the holidays behind you, it's time to pamper yourself with a soothing cup of Chamomile Tea, our feature beverage this month. Chamomile is an herb that has been used for centuries, and is best known for its recuperative properties. Some of its therapeutic uses include treatment for nervousness, crabbiness and sleep deprivation. Now is the time to rejuvenate!

Tech Toy Help Week

The week of January 9th is devoted to those wonderful Tech Toy gadgets you received over the holidays. All MTPL staff will be on hand during the week to help you download eBooks, audiobooks and apps to your new tech toy. Please call (717) 560-6441 to schedule your **FREE** 30-minute appointment. When coming to your appointment, your device should be fully charged and you should know all corresponding log-in information for your device & e-mail accounts.

Monday, January 9th – Thursday, January 12th by appointment only

Computer Classes in January!

Basic Beginner Boot Camp (*free*) and Next Step Computer Boot Camp (\$) in January. Registration required. Also live demos on: Windows 10, Google Searching and Online Job Searching Strategies. Call Marcia at (717) 560-6441 for required registration. Visit our website calendar for dates and times.

COMPUTER HELP IS ALWAYS AVAILABLE:

- Private one-on-one Tutorials with Tech Manager Marcia - \$15/hr.
- Online Computer Software Courses at www.mtpl.info
- Universal Class & Atomic Training **Free 24/7** (on our website under "Digital Resources")

Death Café

At a Death Café, people gather to eat cake and cookies, drink tea or coffee and discuss death. Our objective is 'to increase awareness of death with a view to helping people make the most of their (finite) lives'. A Death Cafe is a group directed discussion of death with no agenda, objectives or themes. It is a social gathering and discussion group rather than a grief support or counseling session. Death Cafes are always offered in an accessible, respectful and confidential space, with no intention of leading people to any conclusion, product or course of action, alongside refreshing drinks and nourishing food – and cake! If you have the time after the conversations, stay for the 1 hour video screening of "Consider the Conversation."

Saturday, January 21st 1:00 PM

NEW! Teen Machine: January Soldering Basics Level 1

This month's presentation: Soldering - learn to use a soldering iron! This skill is essential to make electronics, jewelry and even stained glass! Your tween or teen will learn safety tips, observe a maker using the equipment, and have an opportunity to make a small item to take home. Safety glasses will be provided and will be required to participate. Participants must wear hair tied back, shirts tucked in, long pants and shirts and closed-toed shoes. If your teen enjoys soldering, stay tuned for additional programs. Once you have attended this entry-level soldering class, you are eligible to attempt a "Level Two" soldering session.

Wednesday, January 25th at 6:30 PM

MTPL will be CLOSED: Monday, January 2nd, 2017
