CRIME OF THE WEEK 17-11

Week of November 6, 2017

COLD CASE HOMICIDE- CHRISTY ANN MIRACK

Christy Ann Mirack, a 25-year-old school teacher, was murdered in her East Lampeter Township home on Dec. 21, 1992. No one has been arrested or charged with her murder. The Lancaster County District Attorney's Office, aided by a new technology, is releasing a composite profile of the man believed to have killed Mirack at her Greenfield Estates home.

With DNA collected from the crime scene, District Attorney Craig Stedman's office tasked Parabon NanoLabs with creating this composite of a white man with dark hair, fair to light-brown complexion, and brown or hazel eyes. Parabon created three versions of the composite (attached to this flier) to show the suspect at ages 25, 45 and 55.

District Attorney Stedman, along with East Lampeter Township police and many other investigators who have worked on this case, urge the public to look at the composites and provide information they have about the person depicted.

Anyone with information on this case or the identity of the suspect is asked to contact Det. Chris Erb of the Lancaster County DA's Office at 717-295-5905 CMerb@co.lancaster.pa.us or Lancaster Crime Stoppers at (800) 322-1913, or you can anonymously Text a Tip to Crime Stoppers by using your cell phone.
