"All Crow" Art Exhibit Opening Reception

Each winter, Lancaster, PA is home to a population of crows who migrate to the area from the north. Not all Lancasterians welcome these feathered migratory animals. Local group, Something to Crow About, is committed to changing the conversation about crows. Each year, it organizes crow themed art exhibits in the community. Manheim Township Public Library is delighted to host the 2018 exhibit titled "All Crow." Local professional, amateur, and student artists were asked to contribute works inspired by the poem "Thirteen Ways of Looking at a Blackbird" by Wallace Stevens. Join us at MTPL for the exhibit's opening reception on January 12, 2018. Can't make it? You can still see the exhibit during the Library's open hours through February, 26 2018.

Friday, January 12 at 5:00 PM - 8:00 PM**Lancaster's Crows: Get to Know the Locals & Visitors**

Laurie Ulrich, founder of the Lancaster Crow Coalition, will be giving a presentation on Lancaster's local population of brilliant crows and the thousands of migratory crows that visit our county every winter, as they have for centuries. Learn about crow intelligence, their strong family ties, and how they're essential to the ecosystem. The presentation will include new data and new videos demonstrating crows' abilities to solve problems and have fun, and their relationships - with each other and with humans, too.
